

Finding Glory in Your Suffering

(Mark 8:27-9:1)

Comfort is the god or new idol of our generation. We therefore understand suffering as being a meaningless thing. However, we see the great value and glory of our Christian suffering.

1. We see the value of suffering as we can identify ourselves with Christ through our suffering.

2. We see the value of suffering as it is a way to lead us to eternal glory.

Christ's return: This means there is an end to our suffering, and therefore enables us to be patient and hope for the future.
